

## IpsiHand ICD-10-CM<sup>1</sup> Diagnosis Coding Guide

IpsiHand is indicated for use in chronic stroke patients (≥ 6 months post-stroke) age 18 or older undergoing stroke rehabilitation, to facilitate muscle re-education and for maintaining or increasing range of motion in the upper extremity. The following possible ICD-10-CM diagnosis codes are used to report upper limb deficits in patients who may be eligible to receive treatment with the IpsiHand system.

Code:	ICD-10 CM Diagnosis Code Description
<b>I69.031</b>	Monoplegia of upper limb following nontraumatic subarachnoid hemorrhage affecting right dominant side
<b>I69.032</b>	Monoplegia of upper limb following nontraumatic subarachnoid hemorrhage affecting left dominant side
<b>I69.033</b>	Monoplegia of upper limb following nontraumatic subarachnoid hemorrhage affecting right non-dominant side
<b>I69.034</b>	Monoplegia of upper limb following nontraumatic subarachnoid hemorrhage affecting left non-dominant side
<b>I69.051</b>	Hemiplegia and hemiparesis following nontraumatic subarachnoid hemorrhage affecting right dominant side
<b>I69.052</b>	Hemiplegia and hemiparesis following nontraumatic subarachnoid hemorrhage affecting left dominant side
<b>I69.053</b>	Hemiplegia and hemiparesis following nontraumatic subarachnoid hemorrhage affecting right non-dominant side
<b>I69.054</b>	Hemiplegia and hemiparesis following nontraumatic subarachnoid hemorrhage affecting left non-dominant side
<b>I69.131</b>	Monoplegia of upper limb following nontraumatic intracerebral hemorrhage affecting right dominant side
<b>I69.132</b>	Monoplegia of upper limb following nontraumatic intracerebral hemorrhage affecting left dominant side
<b>I69.133</b>	Monoplegia of upper limb following nontraumatic intracerebral hemorrhage affecting right non-dominant side
<b>I69.134</b>	Monoplegia of upper limb following nontraumatic intracerebral hemorrhage affecting left non-dominant side
<b>I69.151</b>	Hemiplegia and hemiparesis following nontraumatic intracerebral hemorrhage affecting right dominant side
<b>I69.152</b>	Hemiplegia and hemiparesis following nontraumatic intracerebral hemorrhage affecting left dominant side
<b>I69.153</b>	Hemiplegia and hemiparesis following nontraumatic intracerebral hemorrhage affecting right non-dominant side
<b>I69.154</b>	Hemiplegia and hemiparesis following nontraumatic intracerebral hemorrhage affecting left non-dominant side
<b>I69.231</b>	Monoplegia of upper limb following other nontraumatic intracranial hemorrhage affecting right dominant side
<b>I69.232</b>	Monoplegia of upper limb following other nontraumatic intracranial hemorrhage affecting left dominant side
<b>I69.233</b>	Monoplegia of upper limb following other nontraumatic intracranial hemorrhage affecting right non-dominant side
<b>I69.234</b>	Monoplegia of upper limb following other nontraumatic intracranial hemorrhage affecting left non-dominant side
<b>I69.251</b>	Hemiplegia and hemiparesis following other nontraumatic intracranial hemorrhage affecting right dominant side
<b>I69.252</b>	Hemiplegia and hemiparesis following other nontraumatic intracranial hemorrhage affecting left dominant side
<b>I69.253</b>	Hemiplegia and hemiparesis following other nontraumatic intracranial hemorrhage affecting right non-dominant side
<b>I69.254</b>	Hemiplegia and hemiparesis following other nontraumatic intracranial hemorrhage affecting left non-dominant side
<b>I69.331</b>	Monoplegia of upper limb following cerebral infarction affecting right dominant side
<b>I69.332</b>	Monoplegia of upper limb following cerebral infarction affecting left dominant side
<b>I69.333</b>	Monoplegia of upper limb following cerebral infarction affecting right non-dominant side
<b>I69.334</b>	Monoplegia of upper limb following cerebral infarction affecting left non-dominant side
<b>I69.351</b>	Hemiplegia and hemiparesis following cerebral infarction affecting right dominant side
<b>I69.352</b>	Hemiplegia and hemiparesis following cerebral infarction affecting left dominant side
<b>I69.353</b>	Hemiplegia and hemiparesis following cerebral infarction affecting right non-dominant side
<b>I69.354</b>	Hemiplegia and hemiparesis following cerebral infarction affecting left non-dominant side
<b>I69.831</b>	Monoplegia of upper limb following other cerebrovascular disease affecting right dominant side
<b>I69.832</b>	Monoplegia of upper limb following other cerebrovascular disease affecting left dominant side
<b>I69.833</b>	Monoplegia of upper limb following other cerebrovascular disease affecting right non-dominant side
<b>I69.834</b>	Monoplegia of upper limb following other cerebrovascular disease affecting left non-dominant side
<b>I69.851</b>	Hemiplegia and hemiparesis following other cerebrovascular disease affecting right dominant side
<b>I69.852</b>	Hemiplegia and hemiparesis following other cerebrovascular disease affecting left dominant side
<b>I69.853</b>	Hemiplegia and hemiparesis following other cerebrovascular disease affecting right non-dominant side
<b>I69.854</b>	Hemiplegia and hemiparesis following other cerebrovascular disease affecting left non-dominant side
